

Great News for Middleton parents & students!

All enrolled students will have free meals for this school year thanks to USDA's latest Nationwide Waiver!

(Please note that this does not apply to second meals/ extra entrée's or milks for cold lunch students as these items do not qualify as a reimbursable meal)

Parents that would like to put money for extra items on their student's accounts may do so by sending a check with your student to the cafeteria or by using the online system- MySchoolBucks.com. If you need your student's ID number- you may call the Food Service Office at 208-585-6700.

Also; there have been two rounds of P-EBT cards sent to parents with approved free or reduced applications on file with the Food Service Office. We would encourage parents to fill out applications for the coming school year in the event of possible future rounds.
