

Hi fellow members of the Middleton, Idaho community! My name is Zack Davis and I am working on an Eagle Scout Project for the Middleton School District. I am working with

the Stop the Bleed organization to collect donations to create trauma kits for every classroom in the Middleton High School, Middle School, Academy, and possibly the Elementary schools if I am

able to receive enough donations. These trauma kits would be used in any major or minor trauma situation and would greatly reduce health risks at each of these schools.

The contents of the kits will include CAT tourniquets, trauma shears, QuikClot gauze, gauze bandage rolls, medical gloves, a sharpie, a small flashlight, and an instruction sheet on how to use/apply a tourniquet.

In order to donate:

1. Go to [amazon.com](https://www.amazon.com)
2. Go to "Accounts and Lists" and click "Find a List"
3. Type in "Zack Davis" into the search bar
4. Click the "Zack Davis" that also says Middleton underneath
5. Add whatever item you would like to donate into your cart and choose the address that it provides for this list once you order.

It would be an amazing service to the school district and our community if you feel inclined to donate any of the items listed above! Thank you so much for your support!
